## Pricing

Whilst we make every effort to hold pricing, we reserve the right to amend and alter the prices displayed in this brochure. Materials, labour and running costs can undergo significant changes throughout the year based on global market conditions and like any business, we are directly subjected to these fluctuations.

## Stock and Availability

Subject to availability, there is sometimes a lead time on track products. If placing an order for more than 30 sections or if you require a non-standard item, please contact us directly with your requirements and a price can be quoted. When placing large orders you will be asked for a deposit that is non-refundable.

We only keep a minimum stock of products and we are constantly manufacturing more, so may need to manufacture your product before dispatch. If you need a product to a tight deadline, please contact us. We would be happy to help!
